CHURCH PLANS METHOD SCHOOL

DISTRICT CHRISTIANS GATHER FOR STUDY NEXT MONTH.

IS NOT A FROLIC; 4 TUTORS TO COME

Representatives of 260 Churches and Sunday Schools of Northwest Missouri in Session February 8-12.

When the 200 or more representatives of the 260 Christian churches and approximately 300 Sunday schools of twenty-three counties of northwest Missouri gather in the First Christian church here February 8 for the five days' school of methods it will be no frolic. The entire five days will be one of hard study and training in the teaching of Christ and religion.

If there is one busier man in Maryville today than the Rev. Robert L. Finch, pastor of the First Christian church, that man does not surely sleep. For with the reservation of rooms and boarding spots for each of the expected visitors, arrangement of studies and programs and advertising of the school of methods over the district, Mr. Finch hasn't much spare time for tennis, even if the weather was favorable for such an outdoor sport.

All School Faculty Secured.

But with the time drawing nearer and nearer for the method school to start, things are shaping up quite well. All the faculty has been secured, the advertising literature distributed and many rooms and boarding places obtained for the 200 or more visitors. Yet still other rooms are needed, and these must be fairly close to the Christian church.

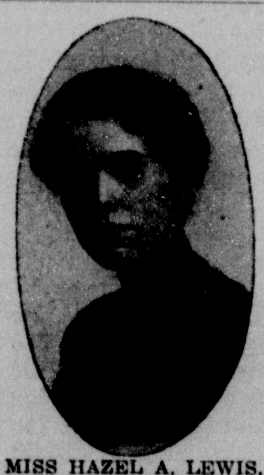
It might be stated that while the school of methods will not officially begin until Monday afternoon, February 8, the faculty will arrive the day preceding probably and conduct special services in some of the churches within or near Nodaway county.

No school of methods has ever been held in Maryville, or the seventh district. In fact it is comparatively a new thing, at least in the Christian church. The school of methods is a school in the true sense of that word and not a convention. Lectures, conferences and study periods are the order, not addresses, praise services or business meetings.

Held 30 Schools Last Year.

Last year the Christian church held thirty such schools in this country, in which more than 4,700 students were enrolled.

The seventh district of the Disciples of Christ, in which Nodaway county is located, contains twenty-three counties, comprising virtually all of northwest Missouri. In the district are 100 ministers, 260 churches and 30,000 disciples of this church. C. A. Lowe of



MISS HAZEL A. LEWIS,
Elementary Specialist.

St. Joseph is superintendent of the missions and Bible schools of the district.

The faculty for the school of methods here consists of Prof. A. H. Braden of the Bible chair of the University of Kansas, Lawrence, Kan.; Miss Hazel A. Lewis, elementary superintendent; Miss Cynthia Pearl Maus of St. Louis, secondary superintendent, and W. J. Clarke, adult superintendent of the Bible school department of the American Christian Missionary society of Cincinnati.

Prof. Borden Will Lecture.

The elementary superintendent has charge of the cradle roll, beginners, primary and junior classes of the Sunday school; the secondary superintendent, of the intermediate and senior classes, and the adult superintendent, of all classes in which the student is more than 21 years old.

The church here also is planning to serve luncheon at 6 o'clock each evening during the five days' school to the visitors at popular prices.

Only the three Sunday school superintendents will take part directly in the school of methods proper. Prof. Braden will give no lectures nor have any classes during the day, but each night of the school he will lecture on "The Ethical Teachings of Jesus" at the church. These lectures will begin at 7:40 o'clock and continue fifty minutes.

To Precede a Revival.

The scheduled sessions are from 4 to 6 o'clock in the afternoon and from 7 to 7:40 o'clock and 8:20 to 9.15 o'clock at night. But it is planned to hold some morning sessions of a general nature during the school.

Lectures at Christian Methods School

PROF. A. H. BRADEN,
Of Kansas University Bible Chair.

The school of methods will precede revival meetings of two or more weeks' duration at the First Christian church, which will begin Sunday morning, February 14. They will be conducted without assistance by the pastor, Mr. Finch. He will, however, be assisted in the song services by Harry Fritz of Abilene, Kan.; who was considered so able in this line last year, when the Christian church added forty-six to its membership.

WOMEN WORKERS TO SPEAK.

Special Meeting to Be Held at Pickering Christian Church Thursday.

A meeting of interest will be held Thursday afternoon at the Christian church of Pickering, when addresses will be made by Mrs. O. W. Lawrence, state secretary of the Christian Women's Board of Missions, and Mrs. Ross of Canton, a widely known missionary worker.

The meeting will begin at 1:30 o'clock. It has been arranged under the auspices of the Pickering C. W. B. M. and is open to every one to attend. Both speakers are well known and their addresses will be of benefit and interest.

Lumbermen to Convene.

Several Maryville and Nodaway county lumber dealers are intending to be in attendance at the twenty-seventh annual convention of the Southwestern Lumbermen's association, which will be held in Kansas City for three days, beginning tomorrow. Lumber dealers from all parts of Missouri, Kansas, Oklahoma and Arkansas generally attend.

To Live on Neal Farm.

Mr. and Mrs. J. W. Neal left yesterday for Pickering, where they will make their home on the farm of Mr. Neal's father, one mile east of Pickering. Mr. Neal has been employed in the Dick Strong barber shop.

DISCUSS NEW SITE

PLANS FOR POLAND-CHINA HOME SUBMITTED AT CONFERENCE.

READY BY JULY, BELIEF

W. O. Garrett Says Directorate of Standard Association Will Contract for Building Soon.

A new home, to cost between $10,000 and $12,000, for the tSandard Poland-China Association of Maryville, becomes more of a reality every day. It came nearest yesterday afternoon after a conference had been held by the building committee composed of W. O. Garrett and Fred P. Robinson in the office of Mr. Robinson when several sites and plans for the new building were examined.

"The new home of the association will be ready by July I believe," said Mr. Garrett yesterday. "We shall call a meeting of the board of the directors of the association here within two or three weeks, when final plans and a site for the new building will be chosen and contract probably awarded for its erection.

"Construction work will start in the spring, in the hopes of getting the building completed and ready for occupancy by the association by late summer.

"The headquarters now located at Third and Market streets, are entirely too small. In fact there is not half enough room theer to carry on properly the business of the association, so that it is imperative that we change as quickly as possible."

Mr. Garrett said he expected the new building to cost between $10,000 and $12,000 and would probably be one story in height. While it is not imperative, Mr. Garrett said, that the home be in the business section, efforts would be made to have it within close proximity to the postoffice for the association carries on most of its business through the mails.

One of the expenses in building the new home, will be in the erection of a large, fire-proof vault for storing the many records of the association. it is expected to cost between $1,500 and $2,000 and will be larger than the one now in use.

Another meeting of the building committee probably will be held next week

TO APPOINT 6 SOON

COUNTY COURT FILLS COUNTY POSITIONS NEXT WEEK.

EXPECT MANY TO APPLY

Only 3 in, But Flood Comes Later, Belief--Quintet Fill Several Minor Places.

When the county court meets in regular session next Monday, one of the all-important actions that will follow within a few days thereafter, and one which will be awaited with breathless interest by many, is the filling of six county positions. Whether the present occupants of these chairs will remain or will go in a body, or each will be singled out to stay or remain, is a question.

It is the general belief about the corridors of the court house, however, that the men who now fill these six places may have them again for a year if they desire. These wise heads argue that each has given general satisfaction and should be returned. Of course, they admit each possibly has displeased some persons in their official or private duties, but none has raised any storm of protest, it is said. Each will apply for re-appointment, it is believed.

A Few Minor Positions.

The positions to be filled are the offices of county highway engineer, county poor farm superintendent, janitor of the court house, county physician and health officer, title examiner and tax attorney.

Those who now occupy those berths are: John H. Clary, county highway engineer; W. L. Job, county poor farm superintendent; W. A. Townsend, court house janitor; Dr. L. E. Dean, county physician and health officer; M. A. Peery, title examiner; M. G. Tate, tax attorney.

Several minor positions of the county are filled in turn by these appointive officers, among them being the court house janitor and poor farm superintendent. The county highway engineer also employs many men in bridge and road improvement work, but this is done only by the day or contract, and no politics nor personal acquaintance policies figure in the employment of these men.

May Delay Appointment.

While the county court meets Monday, it is not believed any of the appointments will be announced by the judges before Wednesday or Thursday of next week.

Only three applications have so far been filed with County Clerk Fred J. Yeomans for these positions, but many more are expected as the time for appointments draws nearer. Two of the three applications are for county physician and one for janitor. At least a half dozen have announced intentions of applying for the court house janitorship. Both John Clary, present occupant, and J. E. Reece, county surveyor, and probably others, are expected to apply for the position of county highway engineer.

Is Democratic Court.

Mr. Job will seek to return to the county infirmary, it is said, while several others are looking enviously at the place. They have not fully decided, however, as far as is definitely known, whether to take the plunge.

While the county court is Democratic, Presiding Judge W. M. Blackford and Judge M. F. Farnan, both being of that political faith, politics are not expected to figure strongly in the filling of the six county positions. Judge E. T. Bailey is the only Republican.

IS CHARGED WITH $13 THEFT.

Allege Burlington Junction Youth Stole From Brother—To Be Arraigned Thursday.

A charge of petit larceny was filed in circuit court this morning against Clarence Gossard, 17 years old, of Burlington Junction, by Prosecuting Attorney W. G. Sawyers. He is charged specifically with having recently taken $13 from his brother, Benjamin Gossard of Burlington Junction.

It is said the boy is believed to have committed other thefts in Burlington Junction, but these cases will be investigated before further charges are brought. The charge against Gossard was made following complaint made to Prosecutor Sawyers yesterday by Roy N. Spangler, proprietor of the Wabash hotel at Burlington Junction, where Gossard is employed.

Gossard will be arraigned before Judge W. C. Ellison in the circuit court room Thursday morning. He is held at the county jail pending arraignment.

CLOTHES FIRM LOSES $353

Twenty Suits and 3 Trousers Are Stolen in Transit from Montgomery & Lyle.

An inventory of a large shipment of men's clothes from a Chicago firm, received by Montgomery & Lyle, clothiers, resulted yesterday afternoon in finding that twenty suits and three pairs of trousers, valued at $353.37, had been stolen, apparently while the shipment was in transit. The goods arrived over the Wabash Saturday morning and were removed soon afterwards and delivered to the clothing firm.

Before opening the shipment it was perceived that one end of the box had been tampered with. The opening then was deferred until the return of Edward L. Ferritor, Wabash agent, yesterday from Moberly, where he had been called on a conference of railroad officials to investigate the numerous thefts of this kind reported this winter.

The loss of $353.37 includes an estimated damage of $38.50 to the remaining clothes, through being soiled and wrinkled.

The same clothiers lost a shipment valued at $63.12 February 26, 1914, under the same circumstances.

BAPTISTS CONVERT 28 MORE

Overflowing House Hears Evangelist A. E. Burch—Baptized 25 Persons.

An overflowing house of men, wommen and children again gathered last night at the First Baptist church to hear Evangelist A. E. Burch's sermon on "Purposeless People." Preceding the services twenty-five persons, recently added to the church membership, were baptized.

The meeting last night closed with twenty-eight additional conversions to the credit of the church, making more than 100 conversions already. The evangelistic services will continue through this week and probably several days longer, so that at least 150 conversions are anticipated before the close.

Mr. Burch said in part:

"I believe Christ dwells in that little deed of kindness, in that little act of charity that you may have done that the world knows nothing of. I believe He dwells in the Good Fellows at Christmas time, not simply in heaven, but in every gracious smile and every kindly deed and every act of courtesy.

"There are the men that seek money; there are men, women and children that seek pleasure, and there are people that don't seek anything. People that don't feel any need or thought of the world and people that don't discharge their part of the world's work.

"Oh, the people that don't seek anything! The aimless, thoughtless class with no purpose. God pity the young man or woman tonight that has no purpose in life; that are not in the habit of doing anything; bringing nothing to pass. They are purposeless people physically, spiritually and mentally. Your purpose will either exalt you or hurt you.

"Then there are butterflies of fashion, and they have no purpose. All they seek is the gratification of their own pleasure. Purposeless people hinder everywhere. These purposeless fellows fill our jails and our asylums. And the reason is because they never have the purpose to be a man. They are a curse to future generations. They have no Lord here and no Lord hereafter. It is not only enough to be wicked, but is is enough to forget God. It is pitiable not to have a purpose in life."

EXEQUATURS ARE JUST SUSPENDED

Bryan Makes Public Text of Communication From Germany.

REPLY OF U. S. GOVERNMENT

Uncle Sam Evades Recognizing the Sovereignty of Kaiser Over Belgium. American Consul at Antwerp Recognized by German Government.

Washington, Jan. 26.—The text of the note from Germany annulling the exequaturs of certificates of authority of neutral consuls in Belgium and the American government's reply were made public by Secretary Bryan.

While the German note considers the exequaturs of neutral consuls to have "expired," the American government takes the view that they merely have been "suspended." In this way, the Washington government avoided committing itself to the question of whether or not the sovereignty of Belgium had expired with the German military occupation. At the same time the United States indicates a willingness to make arrangements for the continuance of consuls personally not objectionable to the German authorities.

Diederich Recognized.

American Consul General Diederich at Antwerp already has been recognized by the German government and the American note makes inquiry whether the consuls at Liege and Brussels, the only two other places where neutral consuls are now permitted by the German military authorities to do business, are personally satisfactory to the local authorities.

The announcement from the state department follows:

"The department received by mail the following communication, dated Nov. 30, 1914, from the German foreign office:

"'Now that the German army has occupied various portions of enemy countries, the German government considers the exequaturs of the consuls, formerly permitted to act in such districts, to have expired.

Would Consider Favorably.

"'The imperial government would, however, be disposed to consider favorably any wishes of allied and neutral countries respecting the establishment of consular offices in the districts in question, excepting, of course, those districts where military operations are still in course.

"'In Belgium consular activities in the provinces of East and West Flanders would accordingly not be permitted at present. With regard to other parts of Belgium, consular officers would be permitted to act for the present in Brussels, Antwerp and Liege, but not at other points.

"'The imperial government would not consider the issuance of formal exequatur advisable to consular officers, whose names are communicated to the foreign office, but would simply be granted temporary recognition to enable them to act in their official capacity under reserve of the usual investigations respecting their records.

Would Like Neutrals at Least.

"'In view of the peculiar circumstances contingent on military occupation, the imperial government would be grateful if only such persons should be nominated as are assuredly friendly to Germany or have at least neutral convictions.

"'In bringing the above to the attention of the embassy, the foreign office has the honor respectfully to request that the American government may be notified in the above sense. As the embassy is aware the German government has already recognized Consul General Diederich at Antwerp, assuming this to be the wish of the American government.'"

LIVESTOCK MARKET STRONG

Hogs, Sheep and Cattle Selling at Better Prices—Quarantine Stock Still Coming.

Kansas City Stock Yards, Jan. 25.—The whole cattle market took a turn for the better today. Sales were called strong to 10c higher on all classes by salesmen, and packer buyers claimed their droves cost them 10@15c higher. Stockers and feeders were sold out close last week, and there was a good demand today from outside buyers and from yard tracers, at strong to 10c higher prices. As usual, on Monday a large per cent of the receipts, 11,000 head in all, was stockers and feeders, which left a light supply for the killers.

Cold weather is helping the beef market, though packers assert that consumers buy in small packages, a condition that makes a strong demand for butcher stuff and light steers, and a small demand for heavy steers. Some good to choice steers brought $8.75 here last week, heifers up to the same figure, but nothing that good is here today, bulk of the beef steers selling at $7.50@8.25, heifers at $6.00@7.50, cows at $5.50@6.75, bulls $5.75@6.50, veal calves up to $10.50.

Quarantine receipts are very light, 15 cars today, steers at $6.65@7.05. The depressing influence on beef cattle prices for the last month or six weeks has been heavy runs in the quarantine section of the Chicago yards, together with bad beef outlet. Stock is getting pretty well run out of the quarantined counties in the different states, and the market will gradually have a lighter burden to carry, and some improvement in prices should result.

Stockmen who are in a position to handle cattle, and who have not been influenced by the foot and mouth scare have great faith in the market, and buy stockers and feeders freely. Shipments to the country from here last week were 19,000 head, more than 50 per cent of the total receipts of cattle during the week. Most of the feeders sell at $7.25@7.65, stock steers $6.50@7.50, choice young cattle up to $8.00.

Hogs sold steady to strong today, receipts 10,000. Order buyers were out early and bought 1,000 or 1,200 hogs at $6.70@6.80, packers coming out later and paying $6.60@6.75. Light hogs are bringing a premium, and will lead the others 10@15c before the week is over. Packers have been very bearish recently, and have had their own way, but smaller hog receipts in the east and better orders from there at the western markets will restore prices.

Sheep and lambs sold 10@15c higher today. The market sagged Friday, but closed 25c higher for the week on lambs, and 50c higher on sheep. Good lambs sold at $8.25@8.40 today, and best ewes at $5.75@6.00, two loads of ewes from Ft. Collins bringing the top price. Receipts here are 7,000 head, and moderate supplies are in sight for later in the week. Markets should average high all winter.

COMPANY F ADDS TEN MORE.

Nine Joint National Guards Corps in Day—Prepare for Annual Inspection.

With the time for the annual inspection drawing near—in fact, but a week off—members of Company F, National Guards, are getting into drills with vim, with the expectation of qualifying in every way with the standards. The hope of being able to place a Company F member on the Fourth regimental staff also is putting greater courage and action into the men.

The company also is growing quite well recently, according to First Lieutenant Loren DeMotte, now in charge of the company. Ten members have been added the past week, it is said, nine of that number having signed up for the three years enlistment Sunday.

DISCUSSES LIVE TOPICS.

Happy Hill School Debates on Relative Profits of Hogs and Cattle.

There is one rural school at least in Nodaway county which is taking some live topics at its weekly debates. These are joined in by the entire school and patronage, while many come for miles around to hear and take part in these discussions. That school is Happy Hill school, west of Burlington Junction.

Last Friday night the subject "Resolved, that raising cattle is more profitable than raising hogs,' brought forth some able thoughts. The affirmative side was represented by Miss Grace Neet, R. R. Staples, Jr., Miss Etha Smith, C. H. Greenly and James Stevens. The negative side was taken by S. P. Dougherty, H. A. Smith, Fred Dougherty and Everett Miller.

The first debate of the season, held a week ago, was on the subject "Resolved, that rural schools should be consolidated." But the negative side won.

Another feature of the Happy Hill school entertainments is "The Stinger," a paper of neighborhood interest published by George Ward. Verse, comedy and real news figure in the makeup.

Success to Suffrage, Belief.

In discussing the matter of equal suffrage for women, which is provided in a bill introduced a few days ago in the senate of the state legislature by Senator Anderson Craig of Maryville, Senator Craig said: "The new amendment is virtually the same as the one defeated at the last general election. I believe there is a vast deal more sentiment favorable to the proposition among the people of the state now than there was some months ago."

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret tonight straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.

BIG MUSICAL COMEDY TO COME.

"Forty-Five Minutes from Broadway" Will Be Shown at Empire Tomorrow Night.

George M. Cohan's clever musical play, "Forty-Five Minutes from Broadway," with Corinne and Bernard Riggs in the leading roles, together with a splendid support and brand new production, will be seen at the Empire theater tomorrow night. Besides Corinne as Mary and Bernard Riggs as Kid Burns, the cast contains W. D. Fisher as Tom Bennett, the little millionaire; Susan Chisnell as Mrs. Purdy; Clara Fishter as Flora Dora Deane; Rose Stillman as Mrs. David Deane, and many others of equal prominence.

The music principally contains two great songs for Corinne, "Mary is a Grand Old Name" and "So Long, Mary," while the title song, "Forty-Five Minutes from Broadway," sung by Bernard Riggs, has gained popular fancy.

The scenes of the play are laid in New Rochelle, N Y., which is forty-five minutes from Broadway Mr. Cohan aims not at burlesque, but to present in their humorous life the New York suburbanites. Corinne will be seen in the simple attire of the domestic, with white cap and apron. She takes the part of Mary Jane Jenkins, known as Plain Mary, a maid in the palatial home of a millionaire resident of New Rochelle.

The millionaire dies and is supposed to have a will giving Mary his property, but no will is found. The property is turned over to a nephew, a young sport with a bookmaker chum, who later discovers the document in a pocket of a suit formerly worn by the millionaire. He conceals it during a succession of amusing complications and original dramatic situations, finally revealing it to Mary, who destroys it to retain his love.

AUSTRIAN FRONT IS STIFFENED

Russians Advancing on Hungary Halted by Teuton Wall.

MORE GROUND IS YIELDED.

Further Evacuation of Trenches South of Tarnow by Czar's Forces Announced From Vienna—Situation in Balkans Is Simmering.

WAR BULLETINS

The Austrians have massed large forces in an endeavor to push back the Russians in the Carpathian passes, where troops of the dual monarchy are reported by Petrograd to be showing activity.

Berlin notes a movement of Russians in considerable force to the north of Warsaw.

The British lost a cruiser in the sea fight Sunday, Germans claim. The report is not confirmed.

Russia is said to have reinforced the Serb army with Cossacks and also to have sent considerable quantities of war supplies into the kingdom.

Germans have seized all stocks of wheat in order to insure a supply of bread until the next harvest.

London, Jan. 26.—The event of chief military importance is the sudden stiffening of the Austrian front to check the Russians' invasion of Hungary as a natural sequence of the occupation of Bukowina.

The Russians seem to recognize this and all recent dispatches from Petrograd have emphasized the Austro-German offensive in the southeastern theater.

Second in importance, perhaps, are the Russian movements near the east and west Prussian frontiers—movements of which the German statement received by wireless takes cognizance, although insisting that no new advance into German territory now are feared.

The western theater there has been so little change that the British newspapers print the official communications with scant comment, preferring to feature Sunday's naval action. The facts concerning this engagement are not given in detail and the admiralty has added nothing to the original announcement.

Roumania Undecided.

With great battles soon to be fought out at its front door, Roumania has not yet decided to join in the conflict, but it is patent that the situation in the Balkans is simmering and it is believed action will come suddenly. The Italian, Greek and Bulgarian ministers were among the callers at the foreign office.

The Swedish press is showing renewed irritation against the British contraband policy and some of the Stockholm papers suggest reprisals by forbidding the transportation of goods destined for Great Britain over Swedish railways. One paper says the country should strengthen its defenses by means of which it would be able to command respect for its neutrality.

Further evacuations of trenches south of Tarnow by the Russians under Austrian artillery fire and successes in the Carpathians were reported from Vienna.

FOURTEEN MEN LOST

New York, Jan. 26.—The schooner yacht Idler, owned by J. P. Jefferson of Warren, Pa., sank off the inner Diamond shoals, after being driven aground by the gale. Captain Harding and his crew of fourteen men are believed to have perished.

Ask That Thaw Be Taken to Hospital.

New York, Jan. 26.—A motion to have Harry K. Thaw sent to Bellevue hospital so that it might be determined there whether he were sane was made by Thaw's attorneys at his arraignment in the supreme court here on a charge of conspiring with others in effecting his escape from the Matteawan asylum in August, 1913. Decision on the motion was reserved.

Contempt Sentences Void.

Washington, Jan. 26.—Contempt of court sentences imposed on William L. Curtin and George Burdick of the New York Tribune, because they refused to divulge sources of information of a printed story of grand jury investigations of customs frauds in New York, were set aside by the supreme court.

"Sad Story" Still Untold.

Paris, Jan. 26.—The newspaper Le Bonnet Rouge appeared with two columns headed in large display type: "A Sad Story." Unfortunately the censor got busy and in consequence only two columns of white space appear below the headline.

Germans Have 25-Mile Naval Gun.

Amsterdam, Jan. 26.—A German military newspaper announces that a new naval gun of sixteen caliber and with a range of twenty-five miles has been created.

CHURCH PLANS METHOD SCHOOL

DISTRICT CHRISTIANS GATHER FOR STUDY NEXT MONTH.

IS NOT A FROLIC; 4 TUTORS TO COME

Representatives of 260 Churches and Sunday Schools of Northwest Missouri in Session February 8-12.

When the 200 or more representatives of the 260 Christian churches and approximately 300 Sunday schools of twenty-three counties of northwest Missouri gather in the First Christian church here February 8 for the five days' school of methods it will be no frolic. The entire five days will be one of hard study and training in the teaching of Christ and religion.

If there is one busier man in Maryville today than the Rev. Robert L. Finch, pastor of the First Christian church, that man does not surely sleep. For with the reservation of rooms and boarding spots for each of the expected visitors, arrangement of studies and programs and advertising of the school of methods over the district, Mr. Finch hasn't much spare time for tennis, even if the weather was favorable for such an outdoor sport.

All School Faculty Secured.

But with the time drawing nearer and nearer for the method school to start, things are shaping up quite well. All the faculty has been secured, the advertising literature distributed and many rooms and boarding places obtained for the 200 or more visitors. Yet still other rooms are needed, and these must be fairly close to the Christian church.

It might be stated that while the school of methods will not officially begin until Monday afternoon, February 8, the faculty will arrive the day preceding probably and conduct special services in some of the churches within or near Nodaway county.

No school of methods has ever been held in Maryville, or the seventh district. In fact it is comparatively a new thing, at least in the Christian church. The school of methods is a school in the true sense of that word and not a convention. Lectures, conferences and study periods are the order, not addresses, praise services or business meetings.

Held 30 Schools Last Year.

Last year the Christian church held thirty such schools in this country, in which more than 4,700 students were enrolled.

The seventh district of the Disciples of Christ, in which Nodaway county is located, contains twenty-three counties, comprising virtually all of northwest Missouri. In the district are 100 ministers, 260 churches and 30,000 disciples of this church. C. A. Lowe of St. Joseph is superintendent of the missions and Bible schools of the district.

MISS HAZEL A. LEWIS,
Elementary Specialist.

The faculty for the school of methods here consists of Prof. A. H. Braden of the Bible chair of the University of Kansas, Lawrence, Kan.; Miss Hazel A. Lewis, elementary superintendent; Miss Cynthia Pearl Maus of St. Louis, secondary superintendent, and W. J. Clarke, adult superintendent of the Bible school department of the American Christian Missionary society of Cincinnati.

Prof. Borden Will Lecture.

The elementary superintendent has charge of the cradle roll, beginners, primary and junior classes of the Sunday school; the secondary superintendent, of the intermediate and senior classes, and the adult superintendent, of all classes in which the student is more than 21 years old.

The church here also is planning to serve luncheon at 6 o'clock each evening during the five days' school to the visitors at popular prices.

Only the three Sunday school superintendents will take part directly in the school of methods proper. Prof. Braden will give no lectures nor have any classes during the day, but each night of the school he will lecture on "The Ethical Teachings of Jesus" at the church. These lectures will begin at 7:40 o'clock and continue fifty minutes.

To Precede a Revival.

The scheduled sessions are from 4 to 6 o'clock in the afternoon and from 7 to 7:40 o'clock and 8:20 to 9.15 o'clock at night. But it is planned to hold some morning sessions of a general nature during the school.

Lectures at Christian Methods School

PROF. A. H. BRADEN,
Of Kansas University Bible Chair.

The school of methods will precede revival meetings of two or more weeks' duration at the First Christian church, which will begin Sunday morning, February 14. They will be conducted without assistance by the pastor, Mr. Finch. He will, however, be assisted in the song services by Harry Fritz of Abilene, Kan.; who was considered so able in this line last year, when the Christian church added forty-six to its membership.

WOMEN WORKERS TO SPEAK.

Special Meeting to Be Held at Pickering Christian Church Thursday.

A meeting of interest will be held Thursday afternoon at the Christian church of Pickering, when addresses will be made by Mrs. O. W. Lawrence, state secretary of the Christian Women's Board of Missions, and Mrs. Ross of Canton, a widely known missionary worker.

The meeting will begin at 1:30 o'clock. It has been arranged under the auspices of the Pickering C. W. B. M. and is open to every one to attend. Both speakers are well known and their addresses will be of benefit and interest.

Lumbermen to Convene.

Several Maryville and Nodaway county lumber dealers are intending to be in attendance at the twenty-seventh annual convention of the Southwestern Lumbermen's association, which will be held in Kansas City for three days, beginning tomorrow. Lumber dealers from all parts of Missouri, Kansas, Oklahoma and Arkansas generally attend.

To Live on Neal Farm.

Mr. and Mrs. J. W. Neal left yesterday for Pickering, where they will make their home on the farm of Mr. Neal's father, one mile east of Pickering. Mr. Neal has been employed in the Dick Strong barber shop.

DISCUSS NEW SITE

PLANS FOR POLAND-CHINA HOME SUBMITTED AT CONFERENCE.

READY BY JULY, BELIEF

W. O. Garrett Says Directorate of Standard Association Will Contract for Building Soon.

A new home, to cost between $10,000 and $12,000, for the tSandard Poland-China Association of Maryville, becomes more of a reality every day. It came nearest yesterday afternoon after a conference had been held by the building committee composed of W. O. Garrett and Fred P. Robinson in the office of Mr. Robinson when several sites and plans for the new building were examined.

"The new home of the association will be ready by July I believe," said Mr. Garrett yesterday. "We shall call a meeting of the board of the directors of the association here within two or three weeks, when final plans and a site for the new building will be chosen and contract probably awarded for its erection.

"Construction work will start in the spring, in the hopes of getting the building completed and ready for occupancy by the association by late summer.

"The headquarters now located at Third and Market streets, are entirely too small. In fact there is not half enough room theer to carry on properly the business of the association, so that it is imperative that we change as quickly as possible."

Mr. Garrett said he expected the new building to cost between $10,000 and $12,000 and would probably be one story in height. While it is not imperative, Mr. Garrett said, that the home be in the business section, efforts would be made to have it within close proximity to the postoffice for the association carries on most of its business through the mails.

One of the expenses in building the new home, will be in the erection of a large, fire-proof vault for storing the many records of the association. it is expected to cost between $1,500 and $2,000 and will be larger than the one now in use.

Another meeting of the building committee probably will be held next week

TO APPOINT 6 SOON

COUNTY COURT FILLS COUNTY POSITIONS NEXT WEEK.

EXPECT MANY TO APPLY

Only 3 in, But Flood Comes Later, Belief—Quintet Fill Several Minor Places.

When the county court meets in regular session next Monday, one of the all-important actions that will follow within a few days thereafter, and one which will be awaited with breathless interest by many, is the filling of six county positions. Whether the present occupants of these chairs will remain or will go in a body, or each will be singled out to stay or remain, is a question.

It is the general belief about the corridors of the court house, however, that the men who now fill these six places may have them again for a year if they desire. These wise heads argue that each has given general satisfaction and should be returned. Of course, they admit each possibly has displeased some persons in their official or private duties, but none has raised any storm of protest, it is said. Each will apply for re-appointment, it is believed.

A Few Minor Positions.

The positions to be filled are the offices of county highway engineer, county poor farm superintendent, janitor of the court house, county physician and health officer, title examiner and tax attorney.

Those who now occupy those berths are: John H. Clary, county highway engineer; W. L. Job, county poor farm superintendent; W. A. Townsend, court house janitor; Dr. L. E. Dean, county physician and health officer; M. A. Peery, title examiner; M. G. Tate, tax attorney.

Several minor positions of the county are filled in turn by these appointive officers, among them being the court house janitor and poor farm superintendent. The county highway engineer also employs many men in bridge and road improvement work, but this is done only by the day or contract, and no politics nor personal acquaintance policies figure in the employment of these men.

May Delay Appointment.

While the county court meets Monday, it is not believed any of the appointments will be announced by the judges before Wednesday or Thursday of next week.

Only three applications have so far been filed with County Clerk Fred J. Yeomans for these positions, but many more are expected as the time for appointments draws nearer. Two of the three applications are for county physician and one for janitor. At least a half dozen have announced intentions of applying for the court house janitorship. Both John Clary, present occupant, and J. E. Reece, county surveyor, and probably others, are expected to apply for the position of county highway engineer.

Is Democratic Court.

Mr. Job will seek to return to the county infirmary, it is said, while several others are looking enviously at the place. They have not fully decided, however, as far as is definitely known, whether to take the plunge.

While the county court is Democratic, Presiding Judge W. M. Blackford and Judge M. F. Farnan, both being of that political faith, politics are not expected to figure strongly in the filling of the six county positions. Judge E. T. Bailey is the only Republican.

IS CHARGED WITH $13 THEFT.

Allege Burlington Junction Youth Stole From Brother—To Be Arraigned Thursday.

A charge of petit larceny was filed in circuit court this morning against Clarence Gossard, 17 years old, of Burlington Junction, by Prosecuting Attorney W. G. Sawyers. He is charged specifically with having recently taken $13 from his brother, Benjamin Gossard of Burlington Junction.

It is said the boy is believed to have committed other thefts in Burlington Junction, but these cases will be investigated before further charges are brought. The charge against Gossard was made following complaint made to Prosecutor Sawyers yesterday by Roy N. Spangler, proprietor of the Wabash hotel at Burlington Junction, where Gossard is employed.

Gossard will be arraigned before Judge W. C. Ellison in the circuit court room Thursday morning. He is held at the county jail pending arraignment.

CLOTHES FIRM LOSES $353

Twenty Suits and 3 Trousers Are Stolen in Transit from Montgomery & Lyle.

An inventory of a large shipment of men's clothes from a Chicago firm, received by Montgomery & Lyle, clothiers, resulted yesterday afternoon in finding that twenty suits and three pairs of trousers, valued at $353.37, had been stolen, apparently while the shipment was in transit. The goods arrived over the Wabash Saturday morning and were removed soon afterwards and delivered to the clothing firm.

Before opening the shipment it was perceived that one end of the box had been tampered with. The opening then was deferred until the return of Edward L. Ferritor, Wabash agent, yesterday from Moberly, where he had been called on a conference of railroad officials to investigate the numerous thefts of this kind reported this winter.

The loss of $353.37 includes an estimated damage of $38.50 to the remaining clothes, through being soiled and wrinkled.

The same clothiers lost a shipment valued at $63.12 February 26, 1914, under the same circumstances.

BAPTISTS CONVERT 28 MORE

Overflowing House Hears Evangelist A. E. Burch—Baptized 25 Persons.

An overflowing house of men, women and children again gathered last night at the First Baptist church to hear Evangelist A. E. Burch's sermon on "Purposeless People." Preceding the services twenty-five persons, recently added to the church membership, were baptized.

The meeting last night closed with twenty-eight additional conversions to the credit of the church, making more than 100 conversions already. The evangelistic services will continue through this week and probably several days longer, so that at least 150 conversions are anticipated before the close.

Mr. Burch said in part:

"I believe Christ dwells in that little deed of kindness, in that little act of charity that you may have done that the world knows nothing of. I believe He dwells in the Good Fellows at Christmas time, not simply in heaven, but in every gracious smile and every kindly deed and every act of courtesy.

"There are the men that seek money; there are men, women and children that seek pleasure, and there are people that don't seek anything. People that don't feel any need or thought of the world and people that don't discharge their part of the world's work.

"Oh, the people that don't seek anything! The aimless, thoughtless class with no purpose. God pity the young man or woman tonight that has no purpose in life; that are not in the habit of doing anything; bringing nothing to pass. They are purposeless people physically, spiritually and mentally. Your purpose will either exalt you or hurt you.

"Then there are butterflies of fashion, and they have no purpose. All they seek is the gratification of their own pleasure. Purposeless people hinder everywhere. These purposeless fellows fill our jails and our asylums. And the reason is because they never have the purpose to be a man. They are a curse to future generations. They have no Lord here and no Lord hereafter. It is not only enough to be wicked, but is is enough to forget God. It is pitiable not to have a purpose in life."

EXEQUATURS ARE JUST SUSPENDED

Bryan Makes Public Text of Communication From Germany.

REPLY OF U. S. GOVERNMENT

Uncle Sam Evades Recognizing the Sovereignty of Kaiser Over Belgium. American Consul at Antwerp Recognized by German Government.

Washington, Jan. 26.—The text of the note from Germany annulling the exequaturs of certificates of authority of neutral consuls in Belgium and the American government's reply were made public by Secretary Bryan.

While the German note considers the exequaturs of neutral consuls to have "expired," the American government takes the view that they merely have been "suspended." In this way, the Washington government avoided committing itself to the question of whether or not the sovereignty of Belgium had expired with the German military occupation. At the same time the United States indicates a willingness to make arrangements for the continuance of consuls personally not objectionable to the German authorities.

Diederich Recognized.

American Consul General Diederich at Antwerp already has been recognized by the German government and the American note makes inquiry whether the consuls at Liege and Brussels, the only two other places where neutral consuls are now permitted by the German military authorities to do business, are personally satisfactory to the local authorities.

The announcement from the state department follows:

"The department received by mail the following communication, dated Nov. 30, 1914, from the German foreign office:

"'Now that the German army has occupied various portions of enemy countries, the German government considers the exequaturs of the consuls, formerly permitted to act in such districts, to have expired.

Would Consider Favorably.

"'The imperial government would, however, be disposed to consider favorably any wishes of allied and neutral countries respecting the establishment of consular offices in the districts in question, excepting, of course, those districts where military operations are still in course.

"'In Belgium consular activities in the provinces of East and West Flanders would accordingly not be permitted at present. With regard to other parts of Belgium, consular officers would be permitted to act for the present in Brussels, Antwerp and Liege, but not at other points.

"'The imperial government would not consider the issuance of formal exequatur advisable to consular officers, whose names are communicated to the foreign office, but would simply be granted temporary recognition to enable them to act in their official capacity under reserve of the usual investigations respecting their records.

Would Like Neutrals at Least.

"'In view of the peculiar circumstances contingent on military occupation, the imperial government would be grateful if only such persons should be nominated as are assuredly friendly to Germany or have at least neutral convictions.

"'In bringing the above to the attention of the embassy, the foreign office has the honor respectfully to request that the American government may be notified in the above sense. As the embassy is aware the German government has already recognized Consul General Diederich at Antwerp, assuming this to be the wish of the American government.'"

LIVESTOCK MARKET STRONG

Hogs, Sheep and Cattle Selling at Better Prices—Quarantine Stock Still Coming.

Kansas City Stock Yards, Jan. 25.—The whole cattle market took a turn for the better today. Sales were called strong to 10c higher on all classes by salesmen, and packer buyers claimed their droves cost them 10@15c higher. Stockers and feeders were sold out close last week, and there was a good demand today from outside buyers and from yard tracers, at strong to 10c higher prices. As usual, on Monday a large per cent of the receipts, 11,000 head in all, was stockers and feeders, which left a light supply for the killers.

Cold weather is helping the beef market, though packers assert that consumers buy in small packages, a condition that makes a strong demand for butcher stuff and light steers, and a small demand for heavy steers. Some good to choice steers brought $8.75 here last week, heifers up to the same figure, but nothing that good is here today, bulk of the beef steers selling at $7.50@8.25, heifers at $6.00@7.50, cows at $5.50@6.75, bulls $5.75@6.50, veal calves up to $10.50.

Quarantine receipts are very light, 15 cars today, steers at $6.65@7.05. The depressing influence on beef cattle prices for the last month or six weeks has been heavy runs in the quarantine section of the Chicago yards, together with bad beef outlet. Stock is getting pretty well run out of the quarantined counties in the different states, and the market will gradually have a lighter burden to carry, and some improvement in prices should result.

Stockmen who are in a position to handle cattle, and who have not been influenced by the foot and mouth scare have great faith in the market, and buy stockers and feeders freely. Shipments to the country from here last week were 19,000 head, more than 50 per cent of the total receipts of cattle during the week. Most of the feeders sell at $7.25@7.65, stock steers $6.50@7.50, choice young cattle up to $8.00.

Hogs sold steady to strong today, receipts 10,000. Order buyers were out early and bought 1,000 or 1,200 hogs at $6.70@6.80, packers coming out later and paying $6.60@6.75. Light hogs are bringing a premium, and will lead the others 10@15c before the week is over. Packers have been very bearish recently, and have had their own way, but smaller hog receipts in the east and better orders from there at the western markets will restore prices.

Sheep and lambs sold 10@15c higher today. The market sagged Friday, but closed 25c higher for the week on lambs, and 50c higher on sheep. Good lambs sold at $8.25@8.40 today, and best ewes at $5.75@6.00, two loads of ewes from Ft. Collins bringing the top price. Receipts here are 7,000 head, and moderate supplies are in sight for later in the week. Markets should average high all winter.

COMPANY F ADDS TEN MORE.

Nine Joint National Guards Corps in Day—Prepare for Annual Inspection.

With the time for the annual inspection drawing near—in fact, but a week off—members of Company F, National Guards, are getting into drills with vim, with the expectation of qualifying in every way with the standards. The hope of being able to place a Company F member on the Fourth regimental staff also is putting greater courage and action into the men.

The company also is growing quite well recently, according to First Lieutenant Loren DeMotte, now in charge of the company. Ten members have been added the past week, it is said, nine of that number having signed up for the three years enlistment Sunday.

DISCUSSES LIVE TOPICS.

Happy Hill School Debates on Relative Profits of Hogs and Cattle.

There is one rural school at least in Nodaway county which is taking some live topics at its weekly debates. These are joined in by the entire school and patronage, while many come for miles around to hear and take part in these discussions. That school is Happy Hill school, west of Burlington Junction.

Last Friday night the subject "Resolved, that raising cattle is more profitable than raising hogs,' brought forth some able thoughts. The affirmative side was represented by Miss Grace Neet, R. R. Staples, Jr., Miss Etha Smith, C. H. Greenly and James Stevens. The negative side was taken by S. P. Dougherty, H. A. Smith, Fred Dougherty and Everett Miller.

The first debate of the season, held a week ago, was on the subject "Resolved, that rural schools should be consolidated." But the negative side won.

Another feature of the Happy Hill school entertainments is "The Stinger," a paper of neighborhood interest published by George Ward. Verse, comedy and real news figure in the makeup.

Success to Suffrage, Belief.

In discussing the matter of equal suffrage for women, which is provided in a bill introduced a few days ago in the senate of the state legislature by Senator Anderson Craig of Maryville, Senator Craig said: "The new amendment is virtually the same as the one defeated at the last general election. I believe there is a vast deal more sentiment favorable to the proposition among the people of the state now than there was some months ago."

Holds Revival at Guilford.

10-CENT "CASCARETS" STRAIGHTEN YOU UP

No Sick Headache, Bilious Stomach, Coated Tongue or Constipated Bowels by Morning.

Get a 10-cent box now.

Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and bad colds—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels, or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret tonight straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.

BIG MUSICAL COMEDY TO COME.

"Forty-Five Minutes from Broadway" Will Be Shown at Empire Tomorrow Night.

George M. Cohan's clever musical play, "Forty-Five Minutes from Broadway," with Corinne and Bernard Riggs in the leading roles, together with a splendid support and brand new production, will be seen at the Empire theater tomorrow night. Besides Corinne as Mary and Bernard Riggs as Kid Burns, the cast contains W. D. Fisher as Tom Bennett, the little millionaire; Susan Chisnell as Mrs. Purdy; Clara Fishter as Flora Dora Deane; Rose Stillman as Mrs. David Deane, and many others of equal prominence.

The music principally contains two great songs for Corinne, "Mary is a Grand Old Name" and "So Long, Mary," while the title song, "Forty-Five Minutes from Broadway," sung by Bernard Riggs, has gained popular fancy.

The scenes of the play are laid in New Rochelle, N. Y., which is forty-five minutes from Broadway. Mr. Cohan aims not at burlesque, but to present in their humorous life the New York suburbanites. Corinne will be seen in the simple attire of the domestic, with white cap and apron. She takes the part of Mary Jane Jenkins, known as Plain Mary, a maid in the palatial home of a millionaire resident of New Rochelle.

The millionaire dies and is supposed to have a will giving Mary his property, but no will is found. The property is turned over to a nephew, a young sport with a bookmaker chum, who later discovers the document in a pocket of a suit formerly worn by the millionaire. He conceals it during a succession of amusing complications and original dramatic situations, finally revealing it to Mary, who destroys it to retain his love.

MANY TO SEE "EVERYWOMAN."

Maryville Furnishes Patronage to Big Play—Hear John McCormack Tonight.

"Everywoman," Henry W. Savage's $60,000 dramatic spectacle, which will be shown at the Lyceum theater, St. Joseph, Friday and Saturday, will draw many persons from Maryville. Quite a number already have reserved seats. It is considered the largest musical and dramatic organization ever on tour, and contains 150 people. A special symphony orchestra accompanies it.

Another St. Joseph theatrical event which is attracting Maryville folk is the appearance of John McCormack, famous Irish tenor, at the Auditorium there tonight.

AUSTRIAN FRONT IS STIFFENED

Russians Advancing on Hungary Halted by Teuton Wall.

MORE GROUND IS YIELDED.

Further Evacuation of Trenches South of Tarnow by Czar's Forces Announced From Vienna—Situation In Balkans Is Simmering.

WAR BULLETINS

The Austrians have massed large forces in an endeavor to push back the Russians in the Carpathian passes, where troops of the dual monarchy are reported by Petrograd to be showing activity.

Berlin notes a movement of Russians in considerable force to the north of Warsaw.

The British lost a cruiser in the sea fight Sunday, Germans claim. The report is not confirmed.

Russia is said to have reinforced the Serb army with Cossacks and also to have sent considerable quantities of war supplies into the kingdom.

Germans have seized all stocks of wheat in order to insure a supply of bread until the next harvest.

London, Jan. 26.—The event of chief military importance is the sudden stiffening of the Austrian front to check the Russians' invasion of Hungary as a natural sequence of the occupation of Bukowina.

The Russians seem to recognize this and all recent dispatches from Petrograd have emphasized the Austro-German offensive in the southeastern theater.

Second in importance, perhaps, are the Russian movements near the east and west Prussian frontiers—movements of which the German statement received by wireless takes cognizance, although insisting that no new advance into German territory now are feared.

On the western theater there has been so little change that the British newspapers print the official communications with scant comment, preferring to feature Sunday's naval action. The facts concerning this engagement are not given in detail and the admiralty has added nothing to the original announcement.

Roumania Undecided.

With great battles soon to be fought out at its front door, Roumania has not yet decided to join in the conflict, but it is patent that the situation in the Balkans is simmering and it is believed action will come suddenly. The Italian, Greek and Bulgarian ministers were among the callers at the foreign office.

The Swedish press is showing renewed irritation against the British contraband policy and some of the Stockholm papers suggest reprisals by forbidding the transportation of goods destined for Great Britain over Swedish railways. One paper says the country should strengthen its defenses by means of which it would be able to command respect for its neutrality.

Further evacuations of trenches south of Tarnow by the Russians under Austrian artillery fire and successes in the Carpathians were reported from Vienna.

FOURTEEN MEN LOST

Schooner Yacht Idler Sunk In Storm Off Diamond Shoals.

New York, Jan. 26.—The schooner yacht Idler, owned by J. P. Jefferson of Warren, Pa., sank off the inner Diamond shoals, after being driven aground by the gale. Captain Harding and his crew of fourteen men are believed to have perished.

Ask That Thaw Be Taken to Hospital.

New York, Jan. 26.—A motion to have Harry K. Thaw sent to Bellevue hospital so that it might be determined there whether he were sane was made by Thaw's attorneys at his arraignment in the supreme court here on a charge of conspiring with others in effecting his escape from the Matteawan asylum in August, 1913. Decision on the motion was reserved.

Contempt Sentences Void.

Washington, Jan. 26.—Contempt of court sentences imposed on William L. Curtin and George Burdick of the New York Tribune, because they refused to divulge sources of information of a printed story of grand jury investigations of customs frauds in New York, were set aside by the supreme court.

"Sad Story" Still Untold.

Paris, Jan. 26.—The newspaper Le Bonnet Rouge appeared with two columns headed in large display type: "A Sad Story." Unfortunately the censor got busy and in consequence only two columns of white space appear below the headline.

Germans Have 25-Mile Naval Gun.

Amsterdam, Jan. 26.—A German military newspaper announces that a new naval gun of sixteen caliber and with a range of twenty-five miles has been created.

Racing and Betting Bill In Nevada.

Carson City, Nev., Jan. 26.—A bill was introduced in the senate by Buol of Clark county to permit racing and betting by the pari-mutual system.

ONE DOSE RELIEVES A COLD—NO QUININE

"Pape's Cold Compound" Makes You Feel Fine at Once—Don't Stay Stuffed Up—Take It Now.

Relief comes instantly.

A dose taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffling! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.
